

| Tank No.         | #1                  | #2                 | #3                  |
|------------------|---------------------|--------------------|---------------------|
| Function         | Ultrasonic Cleaning | Ultrasonic Rinsing | Hot Air Drying      |
| Heating Temp.    | 30–80°C Adjustable  | 30–80°C Adjustable | 30–100°C Adjustable |
| Medium           | Water + Detergent   | Water              | --                  |
| Heating Power    | 8KW                 | 8KW                | 8KW                 |
| Ultrasonic Freq. | 40/80KHz            | 40/80KHZ           | --                  |
| Ultrasonic Power | 2000W Bottom        | 2000W Bottom       | --                  |
| Filtration       | 5um                 | 5um                | --                  |

Technical Instruction:  
 1. Inner Tank Material SUS304,2.0mm . Size 700x525x650mm, Effective Depth 450mm  
 2. Basket Material SUS304, Size 610x420x300mm Excluding The Handles. Quantity 3pcs  
 3. Overall Size 4500x1850x1900mm  
 4. Enclosure Material SUS304 Satin Finished, 1.0mm  
 5. Max.Loading Capacity 30KG  
 6. Power Supply 480V/60Hz, 3 Phase. Max.Power Consumption 30KW  
 7. Working Direction From Left To Right
